

Umbilical Cord Blood Pamphlet Ordering Form

In accordance with A.R.S. 36-112, the Arizona Department of Health Services (ADHS) has developed a pamphlet for pregnant women and their families providing information on their options regarding the use of umbilical cord blood. Effective January 1, 2007, health professionals are required to inform women in the second trimester of pregnancy about their options relating to stem cells contained in the umbilical cord blood. Health professionals are also required to provide the ADHS issued umbilical cord blood pamphlet to their patients. Please reference A.R.S. 32-3212 for the entire language regarding a health professional's role related to patient information on umbilical cord blood.
